Reflecting Progress, Celebrating Achievements: NCCS Annual Newsletter

## Message from the Chairman

**“Education is the key to unlocking the world, a passport to freedom.”**  
 – Oprah Winfrey

It is with pride that I introduce you to the world of NCCS, a community of learners, where excellence is a shared pursuit. The institution’s commitment to academic discipline, holistic education, and the adoption of global educational practices truly sets it apart. NCCS’s focus on nurturing well-rounded individuals equipped with skills, habits, and character attributes essential for success, is commendable. Congratulations to the Directors, Staff, and Students of NCCS for their dedicated efforts in fostering a conducive learning environment. The collective commitment and contributions towards meaningful learning are truly praiseworthy. Here’s to continuing the journey towards greater heights of excellence and success for all members of the NCCS community!

Binod Raj Pandey  
 (Chairman)

## NCCS: Where the learning begins...

The organization NCCS – National College of Computer Studies celebrates its remarkable 22- year journey in the education landscape of Nepal. The evolution from an IT education center to a comprehensive institution offering pre-school, higher secondary education, and bachelor’s education reflects a dedicated commitment to advancing education. The enduring motto of “Working towards excellence” has evidently been the guiding force behind NCCS’s growth and success.

Currently, NCCS comprises two divisions:

### Pre-school and Higher Secondary School- located at Chandol

- Affiliation: NEB (National Examination Board)
- Total Students: Almost 600
- Duration: Running successfully for a decade and more

### +2 and Bachelor’s level- located at Paknajol

- Affiliation: Tribhuvan University (T.U.)
- Total Students: Almost 2500
- Duration: Running successfully for more than two decades

These branches collectively accommodate a diverse student body, contributing to the success and reputation of NCCS in the education sector.

## Vision for Future

NCCS envisions a future where education serves as a comprehensive foundation for children, empowering them to excel in all aspects of life and become successful individuals.

## Well done, Champions!

Congratulations to the NCCS Senior girls’ basketball team for securing the 1st position in the Fishtail Academy Sport fest Finals held in Pokhara! Their outstanding performance and victory in the Fishtail Fest finals showcased their unstoppable spirit and dominance in the entire female category tournament.

## Dakshya Kumari Som Raj Scholarship scheme (Dakshya Kumari Som Raj Chhatrabriti)

Generously contributed by the Canadian residents Mr. & Mrs. Subhash Raj Pandey, this special scholarship is aimed at providing financial assistance to privileged NCCS students. The scholarship covers one year of full tuition and additional extracurricular expenses for up to two students in each grade, starting from grade 1 until the completion of their term at NCCS school, Chandol. Additionally, two students will be added to the scholarship every year, beginning from grade 1. For the current academic year, the scholarship is awarded to - Aahana Biswakarma and Aarya Dhakal from Grade 1

# NCCS Pre-School

Initiated in 2078, the 'Pre-school' wing of NCCS thrives today with 35 little enthusiasts who eagerly embrace each school day with excitement and a passion for learning. NCCS offers a nurturing environment that harmonizes play-based and academic activities, infusing cultural elements like festivals, traditions, dance, and music. The institution prioritizes activities that kindle curiosity and enthusiasm, complemented by academic pursuits to instill discipline, confidence, creativity, and language development.

**A learning centre where Fun and learning go hand in hand**

## Pre-School in actions

We learnt about Environment Day

We had fun with Yoga

We learnt about Lord Krishna

We enjoyed Dashain celebrations

Our performance in Tihar celebrations was attractive

The Annual function was a star event

Sports day was the most lovable

Fun baking cupcakes

**Krishna Janmashtami**  
Colorful festivities marked Lord Krishna's birth with stories, dances, and traditional sweets enjoyed by all.

- Paddy Day**  
Kids celebrated agriculture, exploring crops and traditions, engaging in hands-on farming activities.
- Nepali Poem Competition**  
Children showcased creativity in a friendly competition, reciting Nepali poems to enhance language skills.
- Father's Day**  
The day was made special by teaching the importance of Fathers' in their lives and doing appreciation activities and preparing cards for them thus strengthening the bond between students and their fathers and creating cherished memories.

- Children's Day Celebration**  
Fun-filled day dedicated to kids, featuring games, crafts, and special treats, bringing smiles to every face.
- Educational Excursion**  
Off-school journey explored nature and local landmarks, providing hands-on learning experiences.
- Christmas Day**  
Festive joy filled the air with decorations, crafts, and storytelling, bringing warmth to the holiday season.
- Rhyme competition**  
The little ones participated in English and Nepali Rhymes competition as a part of their language and rhythm learning activity in a fun and interactive way.

## National Creative Co-educational School (NCCS), Chandol

The mission of NCCS, encapsulated in the vision of building a literate and progressive society, guides its educational offerings from classes 1-12. The school places a strong emphasis on learning excellence, aspiring to mold individuals capable of making meaningful contributions to society, armed with the requisite knowledge and skills for a progressive future.

Having been established over a decade ago, NCCS has earned a prominent position as one of the leading and well-equipped schools in the region. The integration of Smart Boards and projectors into

the teaching process demonstrates the school's commitment to provide quality education and prepare students for a future where technological literacy is increasingly vital.

NCCS offers education across two main levels:

- Basic level Junior(grades 1-4) and Basic level Senior (grades 5-8)
- Secondary level (grades 9-10) and Plus 2 level (11-12)

The Plus 2 level includes streams in Science and Management

The comprehensive approach to education at NCCS extends beyond academic curriculum to a rich array of co-curricular activities. These activities are meticulously designed to foster social skills, intellectual development, instill moral values, nurture personality growth, and enhance character appeal in students. Every student is encouraged to participate in these activities, promoting a holistic development that goes beyond traditional academic learning.

### NCCS INVESTITURE CEREMONY

The selected students were appointed to leadership roles in senior and junior levels and given their respective badges of authority in a formal event in month of Baisakh, 2080.

### Environment Week 2080

“Only One Earth” To cultivate Environment awareness in students, NCCS celebrated Environment Week (Jestha 21st-26th) with various activities at different levels. The House wise poster design by grade 9, the eco ramp walk by grade 5, the public awareness program by grade 4 & 5, environment based art competition, the planting of seeds by grade 1 and many more.

### Various Competitions

Various Competitions: Competitions play a pivotal role in our approach to learning. These competitions are designed to motivate learners to strive for excellence and cultivate essential skills. Throughout the year, we organize a spectrum of healthy competitions such as English/Nepali Handwriting, Oratory, Choral Poetry, English/Nepali Book Talk, Essay/Paragraph Writing, and many more.

### Science Enrichment with Karkhana

Collaborating with Karkhana to provide science kits has been an excellent initiative. Hands-on learning experiences through kits made science more tangible and enjoyable for students of grade 6 & 7.

## ACTIVITIES

### National Paddy Day

Celebrated with hands-on learning at a paddy farm, gaining insights into agricultural traditions and fostering appreciation for hard work.

### Teachers Day Celebration

NCCS teachers were honored with tika and gifts, recognizing their invaluable contributions to education and fostering a sense of gratitude.

### Bhanu Jayanti

Students celebrated with literary tributes and a Nepali poetry competition, honoring cultural heritage and enhancing poetic skills.

### Eye Screening Program

Assessed students' vision and eye health thus promoting well-being within the school community by Tilganga Eye Hospital team.

### Krishna Janmashtami

Celebrated with a temple visit, immersing students in cultural traditions and the spiritual significance of the festival.

### Poetry in Green and Open Mic Musical Poetry

Students were encouraged to showcase their poetic talents amidst nature and music, nurturing artistic expression.

### Children's Day

The day was made special for children with games, performances, special treats and sharing of rights and responsibilities thus creating a joyful festive ambience.

### Maths Olympiad

Recognized and celebrated students' excellence in mathematics.

### Chinese Language Classes

Learning a new language not only adds a valuable skill but also opens up doors to understanding different cultures. The school offers Chinese language classes to students of grades 4 and 5. Using songs, poetry, and skits makes the language learning process enjoyable and enriching.

### International Yoga Day

Enhanced physical and mental well-being, flexibility, and concentration of students.

### Excursion of 9 and 10 to NCCS Paknajok

Practical learning at NCCS Paknajok refined etiquette skills and included a delightful lunch.

### Clay Art Exhibition

Students from 6 to 8 learnt and showcased artistic skills through clay art, drawings, and best out of waste creations, earning praise from parents.

### Cognitive and Analytical Skills

To enhance mental ability and logical reasoning skills the school has published a Psychometric Assessment Test (PAT) book series for all levels and conducts PAT thrice a year.

## Unity in Diversity: Celebrating Our School's Cultural Tapestry

The National Academy Hall came alive with a spectacular Cultural Program, showcasing the talents of students from Pre-school to Grade 12. Each participant demonstrated their skills in various events, including drama, music, dance, acts, songs, and art. This grand event, held in the middle of the session, stands as one of the biggest and most exciting gatherings, celebrating the diverse talents and creativity within the school community.

### dashain delight: embracing tradition, unity, and joy in celebration

Grade 9 students organized a vibrant and celebratory Dashain festival at the school premises, creating a festive atmosphere for everyone involved. Involving students from various grades, including Pre-school and grades 1, 3, 5, 7, and 9, added a diverse and inclusive touch to the event. The variety of talents and creativity on display contributed finely to a lively and entertaining celebration

### Tihar Celebration

Grade 10 students took the lead in managing the Tihar festivities at the school premises, involving juniors from pre-school, grades 2, 4, 6, and 8. Such collaborative efforts among different grades contribute to a sense of unity and community within the school.

Cultural events like Tihar festivities, featuring dances and songs, provide a wonderful platform for students to showcase their talents and celebrate cultural traditions.

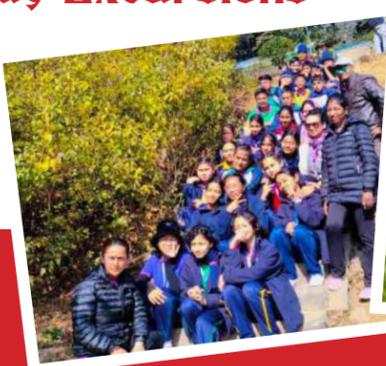

### Unleashing Athletic Prowess in the Annual Sports Spectacle

The Annual Sports meet was an incredible week during which students showcased their athletic abilities by participating in various games, including Table Tennis, Chess, Badminton, Basketball, Pickleball, and Field & Track events. Organizing sports competitions provides an opportunity for every student to engage in physical activities. It allows students to take a break from their academic routine and enjoy playing sports, promoting a holistic approach to education.

### Day Excursions

Learning should be a joy and full of excitement and excursions are the best way to accomplish it. The school took students (grade wise) on day excursions to various spots such as Zoo, Bhaktapur Durbar square, Balaju park, Swayambhunath, Narayanhiti Palace museum, Godavari botanical gardens, National museum of Nepal, and other places.

The exposure to different aspects of nature, culture, history, and agriculture provides students with a broader perspective on their academic subjects. It allows them to connect what they learn in textbooks to real-world scenarios, making the learning process more meaningful.

### Excursion to Chitwan for Grade 9

An enriching journey of 4 days unfolded as our students of grade 9 explored the divinity of Manakamana Temple via cable car; marvel beauty of Shashwat Dham, Wild wonders of Sauraha, and enjoyed the Canyon ride. The memories created during these trips often stay with students for a long time, enhancing their overall educational experience. Such outings not only contribute to personal development but also make learning a more enjoyable and holistic process.

### Student's Corner

This whole day trip was my Unforgettable trip full of excitement , hiking, snacking on awesome tasty treats , dancing and singing with my friends and classmates. I wish to live that special Monday again  
-Sakura Gurung (Grade 8)

Throughout the trip, we created many memorable moments and captured them in tons of photos and videos. It was the first time my visit to such places, and I enjoyed it a lot. Along with having fun, we also learned a lot, fulfilling the purpose of the educational excursion. Experiencing different places, cultures, and environments can broaden your perspective and provide valuable insights. I'm looking forward to our future trip with excitement.

-Arpan Thapa (Grade 9)

### Trip to Bhote Chaur, Sindhupalchowk

Students of grade 8 were excited to visit Mini llam -Bhote Chaur Tea gardens and Trout farm. Trips like these serve as excellent opportunities for students to learn beyond the confines of the classroom. Incorporating such experiential learning opportunities into the curriculum is a great way to inspire a love for learning and create lasting memories for students.

### SHOWCASE OF HANDMADE MARVELS

## NCCS Secondary School (Plus 2), Paknajol

Affiliated to the National Examinations Board (NEB) for 10+2 Management stream since 18 years, NCCS is working with academic excellence in the field of secondary education. With mission to provide a transformative educational experience that prepares students to thrive in a dynamic and interconnected world, NCCS offers Management stream at NCCS, Paknajol and Management & Science streams at NCCS, Chandol. NCCS fosters intellectual curiosity, critical thinking, and a spirit of innovation, empowering students to become ethical leaders and global citizens

### Congratulations

Congratulations to our Grade 12 achievers on their outstanding results! These results are a testament to the hard work, dedication, and perseverance put in by our students, faculties, and staff. Beyond academic accomplishments, these results reflect the personal growth and resilience that each student has demonstrated throughout their educational journey.

### Project work

NCCS places emphasis on project-based learning, a powerful educational strategy that enhances the overall educational experience and equips students with the skills needed for success in their future endeavors.

### Orientation

The Program serves as a crucial event for welcoming and acclimating new students to the academic environment alongside providing valuable insights into our curriculum, educational resources, and the diverse extracurricular opportunities available at our institution.

### Learning with hands-on practical

Learning through hands-on, practical experiences is a powerful and effective educational approach exercised in NCCS. Students are actively involved in the learning process, which promotes higher levels of engagement and interest. Practical learning facilitates the application of theoretical knowledge to real-world situations, making the learning more relevant.

## Sports and Cultural activities

Sports and cultural activities are integral components of a well-rounded educational experience, contributing to building a sense of community and fostering school spirit. The combination of sports and cultural activities not only adds vibrancy to school life but also imparts crucial life skills, values, and an appreciation for diversity—preparing students for success in various aspects of their lives.

### Hotel Visit

A hotel visit for hotel management students is a valuable and practical learning experience that exposes students to real-world hotel environments and provides them firsthand understanding of the various facets of hotel management.

### Field Visit

Field visits play a vital role in an educational program as it includes the practical application of classroom learning, experiential learning, industry exposure, skill development, cultural and social understanding, team building, research and data collection and much more.

## National College of Computer Studies (NCCS), Paknajol

National College of Computer Studies (NCCS), college of IT and Management is located in Kathmandu city, established in 1999 A. D. by the well experienced and professionals with the motto of "Working towards Excellence". It comprises of multitalented professionals considered among the best in the industry. It educates all students, not only to face the challenges of the fast-moving industry but also to perform exceedingly well. NCCS is fully dedicated in providing university curriculum to students. It is affiliated with Nepal's oldest and prestigious Tribhuvan University and presently NCCS has BIM, BSc. CSIT, BHM, BBM & BCA courses.

**BIM**  
Bachelor of Information Management

**BHM**  
Bachelor of Hotel Management

**BSc.CSIT**  
Bachelor of Science in Computer Science & Information Technology

**BBM**  
Bachelor of Business Management

**BCA**  
Bachelor of Computer Application

The Quality Assurance Agency (QAA), established by the University Grants Commission (UGC), typically delineates a range of objectives aimed at ensuring and elevating the quality of education in higher education institutions. And NCCS has made its mark by getting accredited by UGC certificate in year 2022. NCCS continues to uphold benchmarked standards set by UGC

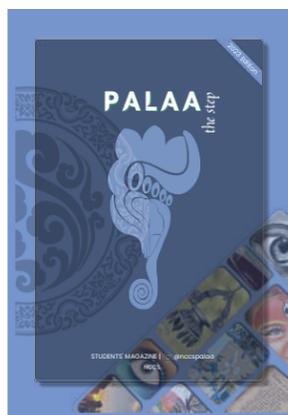

Bachelor students participated in Hackathons' that provided a dynamic learning experience aiming to cultivate technical skills, problem-solving abilities, collaboration, innovation, and a competitive and supportive spirit in the Students.

### Orientation

NCCS Bachelor orientation programs are crafted to facilitate a seamless transition for new undergraduate students into university life, laying the groundwork for a successful academic journey. We were proud to host Prof. Doc. Shashidhar Ram Joshi (Dean IOE, Pulchowk) as Chief Guest of the ceremony

We were honored to have had Prof. Doc. Shashidhar Ram Joshi, Dean of the Institute of Engineering (IOE) at Pulchowk, as the Chief Guest for the orientation ceremony. His presence and his remarkable words added significant value to the event, offering students an opportunity to gain insights from an esteemed academic figure.

### Palaa Magazine

The objectives of publishing the college magazine, "Palaa Magazine," by students encompass a diverse range of educational, creative, and community-building goals. The magazine serves as a dynamic platform for self-expression, skill development, community engagement, and the celebration of the college community's achievements.

The Start-Up program for bachelor students strives to empower aspiring entrepreneurs by providing the knowledge, skills, and support necessary to transform innovative ideas into successful startup ventures. The program comprehensively covers various facets of entrepreneurship, ranging from idea generation to post-launch strategies, thereby fostering the overall entrepreneurial development of participating students.

## Food Fiesta

NCCS organized 'The Food Fiesta' for Hotel Management bachelor students thus offering a comprehensive learning experience integrating culinary arts, event management, customer service, and entrepreneurship. Its overarching goal was to equip students for the dynamic and diverse facets of the hospitality industry, simultaneously serving as a platform for creative expression and professional development.

**Dristy Ale Magar**  
SGPA: 3.96

**Raus Ray**  
SGPA: 4.00

**Sports / Culture**

Participation in sports and cultural events offers students a plethora of benefits, including improved physical and mental health, the development of essential life skills, and the fostering of a positive and inclusive school environment.

**ACTIVITIES**

**Training/Workshop**

NCCS engages its students in different trainings and workshops to provide practical skills development, problem-solving abilities, increased motivation and confidence, experiential learning and much more.

**Project work & Presentation**

Project work and Presentation form a regular part of learning in bachelor's level. This learning promotes confidence, builds public speaking skills, research and creativity skills thus making a student an all round learner capable for future challenges.

**Internship Opportunities**

NCCS is committed to offering valuable internship opportunities for Bachelor's level students across various faculties. These internships extend to diverse locations, including Japan, Dubai, and Nepal. The goal is to provide students with practical, real-world experiences that complement their academic learning.

**Journal**

Publishing a journal at the college level within bachelor programs aims to foster a culture of research, academic excellence, and knowledge dissemination. It provides teachers and students with valuable opportunities for research engagement, skill development, and contributes to the intellectual vibrancy of the college community.

**EDUCATIONAL EXCURSION / FIELD VISITS**

NCCS believes that excursions and field visits play a pivotal role in providing a holistic education that goes beyond the boundaries of the classroom offering valuable experiences that enhance their academic, personal, and professional development.

**Meet up with Alumni**

An alumni meeting at a college serves as a dynamic and inclusive platform, intending to strengthen connections, provide professional support, and contribute to the continuous growth and success of both the alumni community and the institution itself.

**Bachelor Farewell Program**

A farewell program for bachelor students aims to celebrate their achievements, express gratitude, offer guidance for the future, and create a meaningful and memorable transition as they embark on the next chapter of their lives.

**SOCIAL WORK / RESPONSIBILITIES**

The incorporation of civic responsibilities within a college environment has multifaceted objectives, with the aim of nurturing a sense of social responsibility, civic engagement, and community-mindedness among students. The college conducts various activities, including Sociology Visits, Blood Donation Drives, Shiva Ratri Observance, Nepal Sambat Celebrations, and initiatives involving Old Age Homes, to actively promote these values and instill a commitment to community welfare and social justice. NCCS has sponsored scholarship of Rs. 150,000 for underprivileged bright students studying in school of Ward No.4 under a scholarship scheme hosted by Pabasa Saving & Credit Co-operative Ltd.
